"I **always** work on my personal goal, I use the **products** and when I tell people about my **results** and my next **goals** they can see how it has **worked** for me."

What led you to start your own business?

"I could always use an extra bit of money each month! I had been thinking about **starting my own business** for a while and this opportunity sealed the deal!"

Why B:HIP?

"B:HIP has its heart in **the right place**. In this line of work, we have to do it with our **hearts**. There are a lot of ways to use time efficiently, to **earn** a lot of **money**, but we don't have to think that way. We care a lot about our customers and distributors. We are **helping** customers with the best results, distributors with the best business and in the most caring way. When focusing on how **we can help others** the most, instead of how we can earn the most money, we can have a **healthy business**, (and the money will come afterwards)."

“ Use the products

share your story! ”

How has your life changed so far?

"I started because I was interested in earning a little extra. Now I'm aiming for a **full-time job**. Luckily with this business, I can slowly build it up in my spare time. As an extra bonus, I am now in the **best shape** I've ever been and I am really hyped on developing my body and shape further."
