FAQ ABOUT MOL&B COPENHAGEN

FAQ OM MOL&B COPENHAGEN

What perfume are used in the products?

It is an allergen perfume that is in all MOL&B products, which means that it is hypoallergenic and most who are allergic to perfume, can tolerate MOL&B products.

What is the difference between Multi-Functional Anti Aging Facial Cream and Multi Functional Regenerating Facial Cream?

In Anti aging cream is focused on tightening the skin, and in the regenerating cream is more focus of moisture. It is especially Gatuline - Intense in anti aging cream that effectively helps to smooth wrinkles where it is Rovisome Q10 in the regenerating cream that neutralize free radicals and provides the skin with energy as it may regain its elasticity.

Can Intense Multi Functional Body & Face Oil be used for irritated red and itchy skin?

YES! Because the ingredients are so clean and the composition of the oils are so good, the Body & Face oil advantageously can be used on red bumps, irritated skin, eczema and allergies. It soothes the skin, so the area does not feel so annoyed and thus relieved the itching and irritation.

Can I use Intense Multi Functional Body & Face Oil on top of my cream?

Yes, I use it often on top of my night cream as an extra boost to my skin. Additionally I also use it on the cheeks and bridge of the nose on top of my makeup in the morning, to get an extra glow.

Can I use Intense Multi Functional Body & Face Oil as nail oil or oil for my hair?

Yes you can actually use Intense Multi Functional Body & Face Oil for everything you may have imagination. It is such a pure oil and of such high quality that you can benefit from using it both for children and adults, sensitive skin and dry skin.

How often should I lubricate with Visible Facelift to have a visible effect?

If you want maximum effect, you should use the Visible Face Lift every day in minimum 28 days. You can already see an effect after five minutes you have smeared the first layer. If you are unsure, take a picture very close to the area you choose to lubricate before and after. So you can see how your skin structure change to become more smooth and even.

Can I use Visible facelift on the neck and chest?

Yes with great advantage. When you get older, you often lose the elasticity of the skin, this also happens on the neck and chest, therefore it is advantageous to use Visible Facelift in all areas you want.

Has it been tested on animals?

NO.

What preservatives are used when no parabens are?

For most of the products it is Phenoxyethanol, but in toner it is Cetrimonium Bromide. In body & Face oil there is no preservative.

How long will the effect on Visible Facelift?

The effect decreases after 24 hours, so it's a good idea to apply once a day.

Do I need to use day and night cream when I use visible facelift?

Visible facelift can not be used in stead of your serum and cream, Visibly facelift is an add on and should be applied before.

When should I use Multi-Functional Anti Aging Facial Cream and when should I use Multi Functional Regenerating Facial Cream?

I use Anti Age cream as a day cream and regenerating as night cream. But when it is very cold, close to minus degrees, I use the regenerating both as day and night cream.
